MANN'S

PARCHMENT COPYING PAPER.

(TRADE-MARK REGISTERED.)

This Parchment Paper is **MUCH STRONGER** and shows a **CLEARER COPY,** than any other ever made for the purpose. The Ink is **LESS LIABLE TO SPREAD,** and can be written upon with a pen.

DIRECTIONS FOR COPYING.

Place a piece of blotting-board under the leaf of Copying Paper; then, with brush, wet the leaf. Take off surplus water with another sheet of blotting-paper; then place the written letter on the leaf, (leaving the blotting-paper under the leaf to take up any excess of water that may yet remain,) place it in the press, and in 10 or 15 seconds a perfect copy will be secured.

The leaves WILL DRY AS SMOOTH AS SILK by placing the book in the Press after Copying.

☞Place the oil sheets between the copies just made, to prevent blending or setting-off.

Another way, when many Letters are Copied.

Procure a tin or iron box with lid to hold 20 blotting pads.—(Boxes furnished if desired.)

Dip half the lot of blotters in water, let them drain off a few moments; then place a dry blotter between each wet one, give them a few minutes' squeeze in Press and they will remain wet for three days; then take an oil sheet, place it to the left; then lay a wet blotter; then turn leaf of Copying over on blotter; then lay your letter on; then another oil sheet, and so on, and you can copy all your letters at one time, thereby saving time. With a little care and experience as to wetting at first, you will be so well pleased, as never to go back to old way.

→Hill's Blotter Baths are the best known for this mode.←

I have forwarded to you this day, by Express, Eleven gold Railway Mail Service Medals, and enclose herewith vouchers for the transaction, which I will thank you to sign and return.

The intrinsic value of these medals is increased, as the jeweler pronounced the bar different in strength on those last sent you. The value of the gold used in excess of previous order, accounts for the increase of the present charge.

Sir

In reply to your inquiry of the 16th inst, I have to say that we have not a full line of Presidential Medals on hand at present, and will not be able to get them in less than three or four weeks.

The prices on the list are net— the Mint allows no discount.

In reply to your inquiry of the 12th inst, I have to say that the Mint does Strike Medals in gold Silver and bronze when the dies are furnished. The Mint however Strikes Medals in fine gold and Silver only – that is Metal 999 fine while our coin is 900 fine. A Medal in gold to cost you about $25.00 should be the size of a Double Eagle.

If you have not already procured your dies it might be well to apply to our Engraver Mr Chas E. Barber who does much of that Kind of work in his private capacity.

Any further information you may desire in our line will be cheerfully given

Sir

Yours of the 11th inst enclosing P.O. for $5 00 has been received.

In reply I have to state that the price of the No 112 Com Rey Medal is $1.50.

You will see by the enclosed circular that there is a misprint and the dollar mark was left off.

Shall we return you Postal Note or will you forward the additional dollar?

Yours respectfully
